

Quality Management System Policy

TORRECID S.A. is a globalized multinational family business dedicated to supplying products, services, solutions and future trends across different sectors. Torrecid Group with subsidiaries in 29 countries and customers in more than 150 countries, has its headquarters located in Alcora, Castellón, Spain

ALFARBEN, part of the Torrecid Group, is dedicated to the manufacture and design of inorganic colors and pigments for various sectors, including the plastics and coatings industries.

Its mission is: **<<Provoke Change with an open and global mind, in anticipation and with our Company Culture through Global Leadership in Innovation creating New Solutions and Technological and Fashion Trends to Conquer the Future, providing the greatest Differentiation and maximum Added Value>>.**

The Torrecid Group and ALFARBEN base the achievement of this mission on the following six pillars:

- Ethics
- Creativity & Sustainable Innovation
- Maximum Quality & Global Excellence
- Service
- Marketing
- Take Care of Stakeholders

Both management and company personnel are fully committed to complying with the Quality Management System in accordance with the UNE-EN ISO 9001:2015 standard.

Accordingly, all activities are governed by the quality policy guidelines based on the following principles:

- Continuous improvement of the flexible and dynamic quality management and organizational system, together with investment in the best human and technical resources.
- Identification of the present and future needs of our customers and providing them with full satisfaction for each product and service, always in accordance with their requirements and the applicable legal requirements.
- Development of a favorable environment for promoting quality within the company, employee training and motivation, and the dissemination of achievements.

ALFARBEN hereby certifies that it has implemented an internal process-based quality system that ensures that all products manufactured and supplied to its customers have undergone the corresponding quality controls and comply with the established requirements.
